### WILL MAKE ARRESTS IN THIS COUNTRY

As Result of the Evidence Now in the Hands of American and British Officials Concerning German Plot in Ireland

(By Associated Press)  
London, May 25.—(Germany's) untiring efforts to foment revolution in Ireland with the aid of Sinn Féiners are laid bare in a statement from the official press bureau today.

After the abortive rebellion of Easter week 1916, plans were made for a revolt in 1917, but this miscarried because of America's entrance into the war and Germany's inability to send troops to Ireland.

An uprising was planned for this year after the German offensive in the west had been successful, and when Great Britain presumably would be stripped of troops.

Concerning the recent arrests in Ireland, the statement says that in view of the present circumstances no other course could have been taken by the government "if useless bloodshed was to be avoided and its duty to its allies fulfilled but to intern the authors and abettors of this criminal intrigue."

Washington, May 25.—More evidence than that disclosed in the British official statement of the close connection between the Irish Sinn Féin and the German influence in Ireland.

the hands of the British and American governments it was stated officially here today. Arrests are soon to be made in this country and probably additional arrests in Ireland.

### BRING DOWN TWO ENEMY AIRPLANES

With the American Army in France Friday.—American aviators shot down 2 German airplanes last Tuesday, says the official statement from American headquarters today. The text reads: "There are no new developments to report. It is established that our aviators shot down 2 hostile airplanes May 21. An aerial pursuit squadron is operating over the Toul sector. The squadron is flying in Nicupot chasing machines."

WANTED—House of 5 or 6 rooms in Portsmouth with modern improvements. No children. Address Mrs. W. H. N. care of Box 354, Kittery, Me.

### Mexican Charge d'affairs at Havana, and Cuban Minister to Mexico Recalled by Their Respective Governments

#### GREEK PEDLERS ARE HELD FOR GRAND JURY

Found Guilty of Larceny of Eggs and Asparagus From Stratham Farms.

Chris Lewis and Charles Pasales two Greek peddlers were arranged before Judge Gupitt in police court on Friday evening.

They were charged with larceny of asparagus and breaking and entering and larceny of two cases of eggs from two farms in Stratham. On the first they were fined \$50, and cost each, and on the second charge they were held in \$200 bail for the Grand Jury at the October term of court.

#### N. H. LIEUT. DIES IN FRANCE

(By Associated Press)  
Washington, May 25.—The army casualty list today contained 23 names divided as follows Killed in action 4; died of wounds 4; died of disease 3; wounded severely 4; wounded slightly 8.

New England names on the list follow: Died of wounds, Lieutenant Albert E. Johnson, Collinsville, Conn.; died of disease, Lieutenant Lee Henry Knapp, Danbury, N. H.

(By Associated Press)

Mexico City, May 25.—Mexico has severed diplomatic relations with Cuba. This was learned today after a report that the Mexican charge d'affairs at Havana and the Cuban minister here have been recalled from their respective posts, had been confirmed at the foreign office.

The recall of the Mexican representative to Cuba and the suspension for an indefinite time of the sending of a new representative is explained officially as due to the fact that because of the war in which Cuba is involved, that government has been obliged to dictate measures that affect interests of the Mexican government in many instances.

For this reason it is declared that the making of representations that the Mexican representative would be forced to make to the Cuban government would be useless and would restrict the liberty of action of a friendly nation "which is now in an afflicted situation."

#### POLICE ARE INVESTIGATING CAUSE OF FIRE

Police officials are investigating the cause of the fire which destroyed the greater part of the mile bridge between Hampton and Seabrook beaches early this morning.

The flames were seen simultaneously at both ends of the bridge and before fire apparatus could be summoned from the surrounding towns gained much headway. Only a portion of the middle of the structure was saved. Two derricks and an engine used in making repairs dropped into the channel as the understructure was burned away.

chased and are on the way for the new housing program.

Some new faces will be seen in the Atlantic mine. The regular soldiers will arrive next week.

#### THIEVES GET BUSY AT RYE BEACH

Raid Store and Bathing Pavilion of Jenness Locke.

Thieves who were out for a cleanup, did a good job at Rye Beach on Thursday night. They took possession of the store and bathing pavilion of R. Jenness Locke where they helped themselves to about everything they could find. The biggest part of the steal included all the bathing suits in the pavilion.

It is estimated that they relieved Mr. Locke of nearly \$500. worth of property. This section of Rye Beach is a select bathing spot and a large stock of costly suits are always on hand. The proprietor had just fitted up for the summer and the raiders selected a most opportune time to carry out the work.

It is thought that the goods were carried away in automobiles and will be in service at some other beach if not recovered before the hot weather arrives. Golf balls and souvenirs of various kinds were taken from the store.

### SURVIVORS OF MOLDAVIA ARE LANDED

All Persons on Board the Torpedoed Troopship Saved Except 53 American Soldiers--No Officers Among Those Lost

(By Associated Press)

London, May 25.—With the exception of 53 soldiers all the persons on board the British troopship Moldavia which was torpedoed and sunk Thursday morning, were saved and have been landed at a southern British port. No officers' names are among those lost, and only two of non-commissioned officers. Less than a quarter of an hour after the ship had been torpedoed, virtually every man had gone over the side of the vessel into the lifeboats.

Two brothers, Edwin and Clyde Hosley, of Norfolk, Va., leaped from the deck of the Moldavia and were drowned. Had it not been for this, the losses would have been confined to those killed by the explosion of the torpedo. The Hosley brothers were on guard. There was a sharp list of the ship and they evidently believed that it was turning over. Search was made for the two men but they were not seen after they jumped overboard.

#### WILL DOUBLE U. S. FORCES IN FRANCE

(By Associated Press)  
Paris, May 25.—The American forces in France will be doubled by midsummer, the number Secretary of War Baker recently announced as having been sent here and by 1215 there will be three times that number, said Andre Tardieu, French high commissioner in a statement issued to the French people on his arrival from the United States today. Secretary Baker announced on May 8 that more than 500,000 Americans had already been sent to France.

## ADVANCE AGE FOR VOLUNTEERS

Washington, May 25.—Another move to fully realize the man power of the nation in the winning of the war, was made today when Secretary Baker submitted to Congress a bill advancing the age of volunteer subscriptions to the army from 40 to 55 years, the men over forty to be non-combatant work, but they would release the younger men for the battle front.

The many friends of Rev. Dr. Sylvester Burnham, of Colgate Theological Seminary, who preached at the Second Christian church last Sunday morning, will be interested in the following item from the Newburyport News:

"Rev. Dr. Sylvester Burnham, who has been a resident of Hamilton, N. Y., for the past 43 years, is coming to Newburyport to make it his home, having leased the Marshall house, corner of High street and Plummer avenue. Dr. Burnham is a retired Baptist clergyman and teacher. He was the first principal of the Newburyport High and Putnam schools when the two schools consolidated. He left this city about 60 years ago.

"Dr. Burnham has just reached the age of retirement at Colgate Theological Seminary at Hamilton, where he has been a professor of New Testament interpretation. He passed last summer at Plum Island at the Alvida cottage and has been in the city for a few days, returning to Hamilton to-day. Dr. and Mrs. Burnham will come to this city about July 1 to take up their residence, as above stated, and will be warmly welcomed by many old friends and acquaintances."

Despite the fact that many of the old veterans of the Civil war have answered their last roll call during the past year, members of B. G. Parker Post, of Kittery, will carry out the observance of Memorial Day on next Thursday as has been the custom for years past. Their work of the day will be carried out by younger men, the Sons of Veterans.

The annual Memorial Day orders have been issued as follows:

HEADQUARTERS B. G. PARKER POST, G. A. R.

Kittery, May 23, 1918.

Department of Maine.

Memorial Day Orders, Gen. Order No. 2.

In accordance with the rules and regulations of the Grand Army of the Republic, and in obedience to department orders, May 26th will be observed by the Post as Memorial Day, and Thursday, May 30, as Memorial Day.

Appointments—President—of the Day, Alexander Bennett, assisted by committee from Red Cross; marshal, Clarence S. Chick; aides on marshal's staff, Celia M. Fernald, Albert Cruise, and C. W. Philbrick; aides for schools, U. G. Swett and Charles Book.

Sunday, May 26, the Post will meet at the headquarters at 10.30 a. m. in uniform, to attend special Memorial Sunday services at the Government Street Methodist church at Kittery by invitation of the pastor, Rev. Frank F. Jenner. Sons of Veterans and Spanish War Veterans are most cordially invited to join the Post with ladies.

MEMORIAL DAY, MAY 30.

Comrades will assemble at headquarters at 8 a. m. in uniform, dark clothes, white gloves, and shoes, at 8.45 Post will form in front of the German house, right resting near Wulker street; as soon as the line is formed, the column will march to the navy yard gate at the end of bridge to be received by a company of machines and salutes with band, who will proceed to navy yard cemetery where ritual decoration of graves and other exercises will be performed in honor of the deceased comrades there, followed by a short address and benediction by Chaplain Roundtree, C. S. N. R. F. Returning the line will halt while the school children of the town observe the ceremony of scattering flowers upon the water as a tribute to those comrades who repose beneath its surface. The school children will be formed in four ranks upon the foot path of the bridge, right resting toward the Kittery shore, waiting the return of the Post from the navy yard. On arrival at the bridge the column will pass the children's line until the right of the two are opposite, halt and face to the left. At the command "salute" both lines will salute in customary manner, after which the children will face and perform their ritualistic ceremonies.

Then there will be a few remarks and prayer by Rev. Carl L. Nichols.

The band will play a refrain and "Taps" will be sounded by the bugler, Supt. of Schools Leon P. Spinney will have charge of the exercises at the bridge assisted by U. G. Swett and Charles Book. After these ceremonies the following order: U. S. Naval band, are finished the line will be formed in detachment of marines, Canton No. 2, U. G. P. Boy Scouts, Sons of Veterans and Post No. 22, G. A. R., and other organizations who may join.

The Sons of Veterans will assist in decoration of graves at Orchard Grove cemetery.

All comrades in town who do not belong to the Post, and all citizens who may wish to join in the observance of the day in response to our invitation, are invited to join with the Post, Sunday, May 26, and May 30, and proceed to Orchard Grove cemetery with the town officers and civic organizations of the town.

There will be conveyances furnished by Quartermaster I. H. M. Pray for the comrades. There will be seats in charge of the officers of the day, at the Monument grounds, for the special use of the comrades.

The Post and civic organizations will be commanded by S. V. C. James Brown.

## COOKED FOOD SERVICE FOR N. Y. HOMES

New York, May 25.—The newest creation to lessen the work of the housewife is the American cooked food service with the first station at Seventy-ninth street, near Broadway.

Every day this service delivers to the homes of the patrons piping hot meals in aluminum containers. Every day it takes back the empty containers with the menus, on which patrons have marked their selection for the following day.

And for this service one pays according to the grade of meal chosen any of three prices: For lunch, 35 cents or 50 cents or 75 cents, and for dinner, 35 cents, 50 cents or \$1.

The convenience of this service is not to be denied. It permits an overworked housewife to rest from the arduous duties of cooking which in summer are vexatious in the extreme. It gives also the benefit of well prepared meals, cooked under sanitary conditions by experts.

The service was organized to serve 500 meals a day. It now has a waiting list of over 2000 applicants. Some of the applicants represent families of four or five.

The house was fitted up as a demonstration room; it was expected by the directors of the service that people would wish to make a cautious inspection of the food and its preparation before they ordered.

The service is incorporated with a limitation on the earning power of the preferred stock of 6 per cent. Now it is proposed that, in a given community in which a sufficient demand has arisen to warrant the setting up of a new station, a popular issue of half stock shall be made. The owners of the stock will then be entitled to priority of service.

## BROWNING GUNS SUPPLIED TO ARMY

Washington, May 25.—Enough heavy Browning machine guns to equip a complete division have been manufactured, the war department today announced, and are in process of shipment to Camp Meade, Maryland. Enough of the same guns for instruction purposes. It was said, have been shipped to every national guard training camp and national army cantonment where troops are in training, and also overseas.

The department's statement also says that light Browning rifles sufficient to equip the machine gun units of four and one-half army divisions have been manufactured. Overseas shipment of one-half of these has begun. The other half of the output goes to army divisions in this country. Camp Meade will be the first division completely equipped with light Brownings.

## SHIP WORKERS HAVE SATURDAY HALF HOLIDAY

Washington, May 25.—The custom of Saturday half-holiday during the months of June, July and August have been waived by unanimous vote of the Portland, Ore., Metal Trades Council. In order to speed the work of building ships, the men agreed to take straight pay instead of time and a half for holiday work if necessary.

Notification of the council's action, telegraphed to the Shipping Board, resulted in the passage of a resolution thanking the representatives of organized labor for their patriotic and cooperative spirit.

## DOVER

Dover, May 25.—The first instance of a drafted man being arrested as a deserter under the draft law occurred here Friday morning, when Aldo Alley was arrested by United States Deputy Marshal Peter Smith of Concord. Alley is charged with having registered with local board No. 1, Highland Park, Allen, and failing to file a questionnaire or report for service. Alley claims that he was working temporarily in Detroit and registering through a misunderstanding of the draft law. He states that he is 32 years of age and out of the draft. He was taken before the local board for Strafford county and was given a hearing by Chairman A. G. Whitehead. After the hearing he was taken to Camp Devens by Marshal Smith, at which place he will have an opportunity of establishing his status to the army officials.

The subscriptions to the Red Cross in this section during the past 24 hours amounted to \$144, which brings Dover's total up to \$10,103.04. This drive is continuing with vim and the same enthusiasm is being manifested which marked the opening of this drive. This evening at Franklin square the Dover City band gave an excellent concert; this was followed by speaking by Rev. Edmund Connor of St. Mary's church and Rev. Robert W. Coe, pastor of the First Congregational church.

Later in the evening Fr. Connor spoke at the Orpheum theatre. Mr. Coe of the Lyric theatre and E. O. Tenen at the Broadway theatre.

Clifford Moore of Lynn, Mass., was before Judge Nelson in the municipal court Friday morning charged with operating a motor vehicle without a license. He pleaded guilty and asked the court to permit him to secure the New Hampshire license, he having a Massachusetts license at the time of his arrest. The court continued the case for sentence upon being convinced that the respondent would make good on his proposition.

## AUTOMOBILES CRASH ON PLEASANT ST.

There was a remarkable escape from injury in a collision between two large automobiles at the corner of Pleasant and State streets shortly before twelve o'clock last night.

A large touring car owned and driven by Mr. Volney Badger was coming up Pleasant street, having one passenger besides the driver, when without warning a touring car owned and driven by Mr. Frank Churchill of Marcy street shot out of State street and struck the other car abreast of the front seat.

The impact of the two cars could be heard for some distance, but fortunately the heavy car of Mr. Badger was not overturned, but the driver in seeking to escape the collision turned his car to the right and shot up on to the Post Office side walk and ran a short distance and then off onto the street again, carrying away one of the front posts before the driver could regain control.

The Churchill car swung up Pleasant street and stopped by the shock. The Badger car was badly damaged, the front door being smashed in, the running board broken, and the headlights smashed and possibly the frame bent. The Churchill car was also badly damaged, the radiator and front wheels being smashed.

Churchill was taken to the police station where he was charged with operating an automobile without a license and running with 1916 number plates.

## ADVERTISING THEIR CRUELTY IN RUSSIA

(By Associated Press)

Moscow, May 24.—One million of 3,100,000 Russian war prisoners held in Germany and Austria-Hungary are total invalids. In Germany there are 1,900,000 and in Austria 1,200,000. Half of the invalids are tubercular, most of them in the last stages of that plague. Many of the remainder are suffering from other serious contagious diseases. Their return to Russia under present conditions is a great problem on account of the lack of food, proper accommodations and medical assistance. The exchange of invalids has been going on for some time. A mixed commission of Germans and Russians is now arranging for the exchange of able-bodied prisoners. Petrograd and Moscow are to be clearing centers with other places to be designated later.

Plans are being made for the repatriation of 5,000,000 refugees in the Russian provinces occupied by the Germans. Some of the refugees are in Siberia while the others are in Russia. So far the Germans have shown great unwillingness to admit them in large numbers. Several hundred thousand already gathered at the frontiers, but only small parties are admitted. The Germans claiming that the transportation facilities are limited.

## PRESENTED WITH A WRIST WATCH

Paul Spannas the popular chef for the past eight years at the Downing Sea Grill who will leave with the men

for Camp Devens this morning, was presented by his associates at the restaurant with a handsome gold wrist watch on Friday.

He has been a great favorite at the restaurant and in addition to the wrist watch the young ladies there presented him with several small gifts and the whole staff will be at the depot this morning to give him a proper send off.

## AMERICANS LOST ON TROOPSHIP

(By Associated Press)

Washington, May 24.—Sinking of the British armed steamship Moldavia with the possible loss of 56 American soldiers was announced in a cablegram from the British Admiralty to the War Department tonight.

No details were available but it is understood that the ship was transporting troops from England to France when sunk. At a late hour tonight the department had been unable to learn what units of troops were on the ship, or who the men are that are reported missing. There are a great many American troops in training in England and they were probably being transported to take their place at the front.

The first intimation of the disaster was, in the following dispatch to the Associated Press dated London:

"Fifty-six American troops on the British steamship Moldavia have been unaccounted for, says an official statement issued this evening by the British Admiralty."

The text of the admiralty statement follows:

"The armed mercantile cruiser Moldavia was torpedoed and sunk yesterday morning."

"There were no casualties among the crew, but of the American troops on board 56 up to the present have not been accounted for. It is feared they were killed in one compartment by the explosion."

The Moldavia was torpedoed without warning. It was a moonlight night and although a good look-out was kept and the attacking submarine was not sighted before the torpedo struck.

Most of those aboard were in their hammocks when the explosion occurred amidships. The sailors and soldiers alike showed no panic. They fell calmly into line and awaited orders. When it was seen that the Moldavia was settling down, all on board were taken off by the escorting ships. The men lost all of their belongings, but were supplied with new clothing at the different naval ports where they were taken.

It is believed that the American soldiers missing from the Moldavia were sleeping on the bottom deck and were overtaken by the great crush of water after the explosion, when they were trying to reach the main deck. It is also presumed that some of the ladders were destroyed.

The vessel was struck below the bridge. She steamed ahead for some time after being struck and at first it was hoped that her watertight compartments would enable her to reach port.

The Moldavia was of 9400 tons gross and was owned by the Peninsular & Oriental Steam Navigation Co. She was built at Greenock in 1903 and was 520 feet long.

## MOOSE ENTER- TAIN SOLDIER MEMBER

H. W. Bickford of the Portsmouth contingent who will leave for Camp Devens this morning, was the guest of his fellow members of the Moose at their hall on Friday evening in a meeting held to give him a proper send off.

During the evening he was presented with a handsome wrist watch. A program of music speeches and refreshments were in order, the Moose orchestra giving several numbers.

The lodge poet took the occasion to render the following during the evening:

With pleasure we have gathered here once again  
To render fitting tribute to one of our truly loyal men  
Who is willing to do his little bit  
And take his chances of being hit.

Brother Bickford is indeed a mighty fine fellow  
With never a trace of anything yellow  
He is upright and square noble and just  
It is men of his kind the Kaiser reign will bust.

And here tonight on our fraternal floor we give him the honors of Portsmouth Lodge, No. 411  
And as he goes forth our country to defend  
Our best wishes and God-speed we all do send.

Hoping, trusting, praying the cause of right and humanity will prevail  
And that in his own good time our good Brother Bickford will hit the home trail.

And while he is training with patience and care  
In our minds and thoughts he shall have a share  
And when he is weary, tired and sore  
We hope he will remember the boys of Portsmouth Lodge 411.

Our best wishes and God-speed we all do send.

Hoping, trusting, praying the cause of right and humanity will prevail

## TEXAS CATTLE EAT AEROPLANES

Dallas, Tex., May 21.—Discovery that Texas cattle will eat the wings of an airplane if the machine is left unguarded is one of the reasons why a general order to "stick with the machine, no matter what happens" is being pressed upon every cadet aviator training in Texas. The cadets are instructed particularly never to leave their "ships" in fields no matter how far from the traveled road.

The fact that cows have an appetite for airplanes was discovered only after one or two machines had suffered real loss from discriminating Texas cattle.

The wide, supple, pliable wings covered with a cellulose preparation that makes them air tight, known as the technique of flying as "dope" and "dope" makes a most tasty meal for cows as the bovines have discovered for a long time. It softens under their tongues and the cattle in their eagerness to obtain it, will chew the expensive thin planes to pieces to extract the last particle of "dope" flavor.

Another reason for the order is that an airplane is a valuable piece of property with many detachable parts offering an attractive invitation to looters if one were left unprotected in a lonely field or on a road.

Souvenir hunters, however, are much more feared than thieves. Aviators who have made forced landings while on cross-country flights say it requires their utmost vigilance to keep curious spectators from breaking up their ships and carrying them away piecemeal, so eager are the country people for souvenir.

An aviator landed recently in a wheat field not far from here. The curiosity and interest in him was so great that in less than an hour, the field was so crowded that he owned of the ground had to ask the Dallas police to clear the field to prevent his growing crops from being stamped into a total loss.

**GOODRICH TESTED TIRES**

HERE'S a lot of geography in the wear of tires. Some wear well in one region, and wear out in another. Climate, peculiar roads and road conditions are the cause of it. Therefore good service in a single region is not enough proof of tires that must undergo nationwide use. Least of all could it measure tires up to the TESTED standard, Goodrich demands of tires.

With a command to find out what Goodrich Tires do on the roads of every section of our country, and what the roads of every section do to Goodrich Tires, Goodrich sent its famous Six Fleets of over forty cars, light and heavy, the length and breadth of our nation to an aggregate mileage of 1,044,686 linear miles, and 4,378,744 tire miles.

The Pacific Fleet contributed 166,960 miles on

desert paths and coast highways; the Mountain Fleet 55,796 through the Rocky Mountains; The Dixie Fleet 3,285,860 in the South and North Midland; the Prairie Fleet 198,744 on the Great Plains; The Lake Fleet 217,372; and The Atlantic Fleet 254,012 on a grand tour of many tours ranging from Virginia, through New England, and back to the City of Goodrich.

Throughout this road roughing, SILVERTOWN CORDS, and BLACK SAFETY TREADS, proved themselves the tires of durability and dependability wherever you go in our broad land. They verified all the good qualities of Goodrich Tires, and revealed many new virtues.

Get the economy, the comfort and certainty of such proven service by demanding the tires proved out in 4,378,744 miles over American roads—America's Tested Tires.

## BIG GUNS CONSTANTLY IN ACTION

(By Associated Press)

David Lloyd George the British premier in a speech at Edinburgh, said that the German submarine was still unconquered, but that it was no longer a vital menace to the movement of troops and supplies to France.

The U-Boats he said are being destroyed faster than Germany can build them, while the allies are building merchant ships faster than the U-Boats can possibly sink them.

In the battle zone there have been a number of local engagements especially on the Somme sector. The Germans raiding back of a heavy artillery barrage at Buequoy on the line southwest of Arras captured some prisoners.

In the Kemmel sector and on both sides of the Lys river on the Flanders front there has been very heavy artillery. On the Scarpe river, and in the region of Arras and south of the Somme near Moreuil and around Montdidier the big guns are in constant action.

The aerial activities are increasing and both sides have been engaged in fighting and bombing. The Germans have not yet mentioned the Paris raid in their official report.

The German troops in front of the American line near Toul have been changed. The troops were formerly divisions brought on from Russia and they have been sent north and their places taken by the Bavarian reserve troops.

Portsmouth, N. H., Saturday, May 25, 1918.

Should Use Care in Giving.

Apparently there is a suspicion in Massachusetts that some crooked work is being done under the guise of collecting funds for war purposes. Quite recently some of the men in that state who are prominent in war work recommended that there be no further contributions to the fund for French war babies. They did not say that actual wrong was being done, but that the organization doing the collecting was not sufficiently tangible to warrant a continuance of contributions. Readers were left to draw their own inferences, and what their influence was is not hard to guess.

And now further action has been taken. A bill recommended by Henry B. Endicott, state food administrator and executive chairman of the Public Safety Committee, has been introduced in the Legislature providing that no person, association or corporation shall solicit war relief funds of any kind without being duly licensed, nor shall any person or organization conduct public entertainments for the raising of war funds unless licensed by the supervisors of war charities, for the appointment of which the bill provides. There would be three such supervisors appointed by the governor, to serve without pay, and whose duty it would be to receive all applications and grant licenses in cases in which it was clear that authority to collect war and relief funds should be granted. The bill provides that the penalty for soliciting and collecting without this authority shall be \$1,000 fine or one year's imprisonment, or both.

Recognition of the need of such a law makes it clear that work of a questionable character has been done under the guise of patriotism, and perhaps this is not to be wondered at. The people are pouring out their money very freely for the support of the war and the charity work that goes with it, and in their enthusiasm they have not been disposed to ask questions. They have taken it for granted that every "cause" presented was all right, and it is to be feared that some of the money contributed has failed to serve the purposes for which it was intended by those who gave it. Were there not good ground for this fear such action as has been begun by the Massachusetts Legislature would hardly have been taken.

There are enough organizations of established reputation to collect and distribute properly all that the people have to give in aid of the war and for the relief of war sufferers. If there are others that feel called upon to enter the field they cannot reasonably object to such safeguarding as is proposed, and they will not.

Furthermore, it would be unreasonable to assume that the need of safeguarding in this particular is confined to Massachusetts. If crooked work is being done it is without doubt being done in many parts of the country, and it cannot be stopped too soon. Legitimate calls for legitimate work are taxing the people heavily. They are responding cheerfully and generously, but they do not want to be imposed upon by wolves and sheep's clothing, and steps should be taken not only in Massachusetts but in all parts of the country to see that they are not.

Major-General Gorgas reaches the retiring age on October 3, when he reaches the age of 64. It is doubtful if President Wilson allows General Gorgas to leave his present post. He is too valuable a man to be permitted to retire from the service. He is vigorous and has demonstrated his ability in Panama, Cuba and the South. To him more than anyone else is due the credit of exterminating yellow fever, and other tropical diseases.

It is announced that the government has taken over so large a part of the wool supply for the use of the army and navy that the allowance for civilian use for some time to come will be very small. But this is not so serious a condition as it might appear. The American people have become so accustomed to wearing cotton for wool that a little further leaning in that direction will not make much difference.

It is well that the weather signals here are to be placed where they can be better seen by those who depend upon them. The weather forecasts are important, especially to shipping interests, and the new location of the signals will add materially to the value of the service.

The season at Salisbury Beach has opened and among the early patrons are large numbers of sailors and navy yard men. In a few weeks all of the summer resorts will be in full swing and it is expected they will have a successful season in spite of the exactions of the war.

Railway accommodations to the summit of Mt. Washington will be missed, but as the war is responsible for the temporary discontinuance of the service the reasonable public will be reconciled.

## FINE RACING CARD FOR MAY 30TH

In the 2:25 pace, Miss Bertha Stucke will drive her entry Billy Burke. The local favorites, Dan K., Hibbi Oak, and Bessie Herlick, are all in fine condition and very evenly matched. May Flower, formerly owned by Fred L. Shaw, who made such a good showing last fall at the fairs in New Hampshire and Maine, has changed hands and Clifford Picott is now the lucky owner. He has been given careful training and will be fit to give a good account of himself when they give the word.

The free for all will be some race. R. H. Brett, owned by T. P. McWilliams, is the fastest horse ever owned in Portsmouth, holding a record of 2:02. Also the fastest four-year record and seven heat record. Mud Lake doesn't need any introducing as he has a record of 2:12 and a fast consistent race horse and won many races last year and has never been behind the money. This race will be worth the admission alone. There are many horse men from out of town coming for this event.

The 2:25 trot brings two fast and evenly matched horses, Baraban, a deep rich bay of handsome conformation, owned by E. B. Kent of Newmarket, is one of the most promising young horses in New Hampshire. He is bred by the noted Stallion Bengara.

The colt race has two very showy youngsters, who have good racing manners and will give a good race. Special race will bring three local horses who will give an interesting contest.

The Directors' race will be something of an innovation in the racing line. Each director will enter a horse but will not have the privilege of driving his own horse, but will have to drive some other, entry and in turn some other driver will drive his horse, the horse coming in last will win the race. Each man driving some one else's horse will drive to win, hoping his horse will be last. Drivers will not be allowed to use whip or reins to urge horses, will have to resort to word of mouth.

Entries for races:  
2:25 Pace—Billy Burke, Miss Bertha Stucke, West Lebanon, Me.; Dan K., John Kelly, Portsmouth; Hibbi Oak, L. C. Bane, Newington; Bessie Herlick, Joseph Mott, Newington; May Flower, Clifford Picott, Kittery.

Free for All—R. H. Brett, T. P. McWilliams, Portsmouth; Mud Lake, Arthur Schumann, Portsmouth.

2:25 Trot—Baraban, E. B. Kent, Newmarket; Lella Todd, D. S. Pratt, Portsmouth.

Golt Race—Wendell Cord, Frank Church, Portsmouth; Ross Bates, Arthur Schumann, Portsmouth.

Special Race—Stranger, H. Goldaet, Portsmouth; Frank M., Fred Worden, Portsmouth; Lady DeLance, William Worden, Portsmouth.

Also a directors' race which will be an innovation. Racing to be under the able management of C. A. Allen and N. H. Smith will do the starting.

## PEOPLE'S OPINIONS

Some Tip on Dressing

Editor: In your issue of May 21, 1918 (Portsmouth Herald) in the column of Herald Hears, I happened to read a place that you have printed, namely: "That the woman with winter furs on Pleasant street on Thursday was given the once over by those she met. That they could not help thinking that she must have got the seasons mixed."

I happened to be out Thursday, and also had a fur on, but certainly do not think that I, or any other woman, that happened to be out with a fur could have gotten the seasons mixed. A fur is correct with the dress, at any time or season, in the open air. If Portsmouth people don't consider furs correct dress, at this time of the year, they must remember there are quite a few people here from different cities that do. In order to boost Portsmouth, it will first have to discard its antique ideas to advance.

A CORRECT DRESSER.

You are correct lady. Portsmouth welcomes strangers with or without furs, especially a booster.

## TWO WOMEN CLAIM DEAD MAN AS SON

St. Louis, May 25.—The mention in today's casualty list of private Elmer H. Prengel of St. Louis as having died of disease in France, recalls a peculiar incident which St. Louis selection boards have been unable to explain.

Last September two women appeared before the district draft board, each claiming Prengel as her son and seeking exemption for him on the ground that he was wholly dependent upon her. Both gave the same address. Their visits were a week apart, and the last woman to appear declared she knew nothing of the other claimant.

There is no record that Prengel established his identity before starting for France.

## GOVERNMENT TAKES OVER PULLMAN CO.

Chicago, May 25.—The carrier business of the Pullman Company has been taken over by the Government and will become a part of the railroad system under Government operation. It was announced today by Clive Runnels, vice president of the company.

The government, it is stated, will pay the Pullman company a rental for its carrier industry, based on three-year average earnings prior to June 30, 1917. It is understood the Government will not interfere with the manufacturing part of the company's business.

## ATTENDED MEETING AT HAVERHILL

Rev. and Mrs. Rollin S. Tuttle were at Haverhill yesterday to attend the meeting of the pastors and laymen of the Methodist churches of Dover district at the church of that denomination there. Bishop Hughes was the principal speaker and talked on Tiltan Seminary. Rev. Mr. Tuttle gave a talk on the work of the church in the army and navy.

Mr. and Mrs. Tuttle were at Amesbury, Mass., on Thursday to attend the semi-annual meeting of the Women's Foreign Missionary society of the Methodist church. Mrs. Tuttle spoke at the quiet hour in the afternoon.

## YORK S. S. CONVENTION COMES TO END

Thirty-One Sunday Schools Represented at the Kittery Meeting, With an Attendance of Seventy-Five.

The York County Sunday School Association met for its twenty-third annual convention at the Second Christian church, Kittery, Thursday, May 23, at 1 p. m. Dr. E. S. Hawkes of Kennebunk presiding. The first hour was devoted to the registration and assignment of delegates, two delegates from each county besides the Superintendent, being allowed. About 75 delegates registered. A praise and prayer service followed conducted by Rev. E. W. Cummings of Kittery Point. After reports of President, Secretary and Treasurer and appointment of committees, an exhibition and discussion of efficiency charts of the different districts. Two addresses followed, the first by Mr. Wesley J. Welr, State Secretary of the Maine State Sunday School Association, entitled, "Sunday School and the War," and the second by Rev. C. A. Boyd of Burlington, Vt., General Secretary of Sunday Schools of Vermont, on the theme, "The Efficient Sunday School."

At 5:30 a supper was served the delegates and visitors in the vestry under the management of the joint committee of the Second Christian and Government St. Methodist Sunday schools.

At 7:15 a patriotic song service was held by the congregation led by a chorus of young people. Scripture and prayer by Rev. J. A. Waterworth of Kittery Point. By this time an audience had assembled looking the seating capacity of the auditorium. At this juncture two flags, one the National emblem and the other the standard Christian flag, were brought forward by a young lad and girl, the latter "I pledge allegiance to my flag and to the Republic for which it stands, one nation indivisible, with liberty and justice for all," was given, followed by the singing of one verse of "America." The salute and pledge to the Christian flag was next given, "I pledge allegiance to my flag, and to the Savior for whose Kingdom it stands, one brotherhood uniting all mankind in service and love." The singing of one verse of "Ting Out the Banner" and placing of the flags in position in front of the pulpit completed this interesting ceremony.

The feature of the evening and evidently largely instrumental in drawing together the large audience was an address by Thomas Mott Osborne, Comdr. Osborne took for his theme the story of John of Arc and held his audience spellbound while he unfolded the story of this famous Maid of Orleans. His account was made vivid by the fact that he had himself visited the locality of the scenes described and he read interesting extracts from a journal written during his visit to the historic places. He closed his address by a masterful presentation of the world condition at present as compared with the past and the need of the faith and patriotism of the John of Arc, to lead the allies to ultimate victory over the foes of democracy.

At the close of the service the delegates who had indicated intention of staying over night were introduced to their respective hosts and hostesses. Rev. E. W. Cummings in the chair in absence of the president.

The convention re-opened Friday morning with a praise and prayer service led by Rev. J. D. Jenner of the Government St. Methodist church.

A report of Committee on Resolutions was made and adopted. Mrs. Wesley J. Welr on account of her illness, Rev. C. A. Boyd spoke on the subject of the Secondary or Teen Age, and Rev. J. J. Hull, Adult Sec. Maine State S. S. Assn. on the Adult Department of the Sunday school. Important informal conferences on the work of the various divisions were conducted by the above named officers.

At 12:00 dinner was served in the vestry.

At 2:00 p. m. a praise service was led by Rev. C. L. Nichols of the entertaining church.

The remainder of the afternoon's program follows: Address, Teacher Training, Chaplain H. B. Roundtree of Portsmouth navy yard.

Address, The Sunday School a Spiritual Force, Rev. C. A. Boyd.

Address, Over the Top, Rev. J. J. Hull.

The convention adjourned with a singing of about 15.

Report of nominating committee was received resulting in the election of the following named officers for the ensuing year:

President, Rev. W. S. Coleman, Kennebunk.

Secretary, Mrs. Abbie M. Goodwin, Kennebunk.

Treasurer, Alex. Bennett, Kittery.

Ex. Committee, Rev. H. A. Hieb, Kennebunk, Mark Dector, Saco; Rev. W. P. Holman, Saco; Rev. H. S. Hitecheek, Sanford.

## NAVY YARD NOTES

### Powder Explosion at Newport

An explosion of black powder used in filling super-heated fuses in an insulated room at the naval torpedo station Friday caused slight injuries to the six civilian employees there.

Only one and one-half pounds of powder was in the room at the time, as there are strict orders against keeping large quantities of explosives on hand at any of the work rooms at the station. The property damage was small.

Five of the injured men had their burns treated at the naval hospital and the sixth, after receiving treatment at the dispensary, went home. The cause of the explosion was not known.

### Sunk in Collision

The United States ship Waukena, a converted yacht, was sunk in European waters in a collision on May 22, with a loss of two men.

W. B. Hoyt, carpenter's mate, Attleboro, Mass., and Joseph H. Farley, fireman, Chicago, were the men lost.

An announcement today by the navy department says the Waukena, formerly owned by H. B. Harkness, collided with a navy cargo carrier. She was listed at \$63 tons and probably was in a patrol squadron.

### Howe Goes to Bath

Secretary Howe of the assistant secretary's office, Washington, who has been at the yard for several days, left on Friday night for Bath Iron Works where he will take up the matter of housing workmen with the officials there. On Monday he will visit Boston navy yard and return from there to Washington.

### Services on Thursday

Memorial services will be held at the men's reading room at the local yard on Thursday at 10 o'clock, which will be conducted by Yard Chaplain Roundtree.

### No Orders Yet

No orders relative to work on Decoration Day have yet been issued at the local yard.

### One Long Term

Ten prisoners from New York arrived for the naval prison today, one of whom will serve a ten-year sentence.

### Will Issue Bids

Bids for the purchase of an ambulance for the use of the yard dispensary will be issued on June 11.

### NOTICE

An adjourned meeting of the P. A. C. will be held on Tuesday evening May 28th, at 8 o'clock.

Action will be taken on applications for membership, and on other business which will come before the meeting.

## DRILL FOR DRAFTEES AT THE ARMORY

A dozen or more draftees were present on Friday evening to enroll for military drill.

As an illustration of how this has worked out in Massachusetts the following circumstance is especially noteworthy.

Of eighty draftees from Haverhill, Mass., seventy-five, who had been drilled, were appointed noncommissioned officers within three weeks after arriving at Camp Devens. So conspicuous was the case that whenever a new arrival manifested any familiarity with a rifle or foot movements the question would be asked, "Are you from Haverhill?"

Monday and Tuesday evenings, May 27th and 28th, the armory will be open for such instruction, all men between the ages of 18 and 30 are cordially invited to be present.

Cut out the coupon below and bring it with you.

## DEATH CALLS A WELL KNOWN RAILROAD MAN

Fred A. Brown Dies in Wolfboro Hospital on Friday.

Fred Brown, one of the best known passenger trainmen of the Portland Division of the Boston and Maine Railroad, died at the Wolfboro Hospital on Friday, aged 46 years, 5 days.

Mr. Brown was a native of Ossipee and entered the employ of the former northern division in April 1892.

He served some time on freight trains over the now Conway branch and later years has acted as baggage master on the Wolfboro and Boston train which leaves this city week days at 8:10 a. m. He was much respected by the railroad employees and officials and had a most excellent record during the thirty-six years service. He was a past master of the Unity Lodge, A. F. and A. M. of Ossipee, a Knight Templar and a member of the Order of Railway Trainmen. A wife and daughter survive.

Death was the result of blood poisoning with which the deceased was ill but a few days.

## PROTEST AGAINST INCREASE OF FARE

Hearing in Behalf of Hampton and Hampton Beach Residents.

The Public Service Commission conducted a hearing at Exeter today upon a proposed change in rates filed with it by the Exeter, Hampton and Amesbury Street Railway company.

This hearing was held because of a protest filed in behalf of residents of Hampton and Hampton Beach against the proposed rates on the ground that these two communities are being discriminated against in that the street railway company proposes to put into effect the rate of reduced rate ticket books on the Exeter and Southtown lines under which the residents along those two lines are able to secure transportation at 5 cent per fare limit, whereas on the Hampton and Hampton Beach line the rate is proposed to be placed at a net 10 cent cash fare.

The hearing was held in the town hall in Exeter.

FOR SALE—Adjustable white enamel sanitary barber chair, good as new, sanitary case, electric massage outfit, electric fan, 150 barber towels, two large mirrors, low price. Harold S. Gluman, 327 Hanover street. he m25.

We have agreed to donate on May 27 to the second war fund of the American Red Cross, 10 cents of every dollar you spend in Everybody's Store. If you bring your money to us and make your purchases of us, 10 cents of every dollar goes to this worthy cause.

No single agency in the world is doing more to keep up the spirit of the fighters at the front, to bring cheer to the stricken, to heal millions of broken hearts and torn limbs, to keep alive the spirit of brotherly love, than the Red Cross. The Red Cross is maintained by popular subscription; it is your dollar and our dollar that makes this work possible. First contribute all the cash you can in the form of subscriptions to the American Red Cross, then buy all your needs listed below at our store. A man or merchant gives according to that which he receives. Patriotism and business must therefore in a sense mix. In fact, paying to advertise, the amount one gives is pronounced mixing of business and patriotism.

Now it is up to the public of Portsmouth and surrounding towns to help us go "over the top" and make this a big success. Now is your chance to kill two birds with one stone—that is, by buying reasonable merchandise at reduced prices and helping this worthy cause, the American Red Cross. For if we take in Five Hundred Dollars, Fifty goes to the Red Cross, and if we take in a Thousand, One Hundred is donated.

## PYTHIANS HONOR MEMBERS OFF FOR CAMP

Program Consisted of Speech-making and Music, Followed by a Lobster Supper.

The members of the Danton Lodge Knights of Pythias who will leave today for Camp Devens were given a royal send off on Friday evening by the F. B. C. club, the Pythian Social club.

The Portsmouth City band was engaged and after a short march about the city followed by the drudges and the members of the lodge, they went to their quarters on Congress street where there was a program of speeches, music, supper and a social time enjoyed. The men who are to leave tomorrow were given every attention by the good feeling expressed by their fellow lodge members toward and they will go away today exulted.

During the evening a concert was given by the quartet composed of Messrs. Hartford, Billbrook, Shaw and Ward, and they made a hit with their popular songs which were rendered during the evening and during the dinner, which was served at nine o'clock.

Dr. P. S. Towle presided as toast master. He gave an interesting talk about the duty of Americans at this critical period and paid a high compliment to the members of the K. of P., who were about to leave for camp.

He introduced Major F. W. Hartford as the next speaker who gave a talk on the Win the War Convention, at Philadelphia and the part Portsmouth is playing in the word war. Short talks were made by John Yarwood, Col. John Carl, President Massey of the F. B. C. Club, Mercer of the F. B. C. club, F. W. Knight, P. C. C. Sanderson, Charles Butler, Bert Little and Jack Miller. Dr. Towle presented the brothers Little and Miller with wrist watches on behalf of the members of the club and both responded with fitting remarks.

Ralph Raymond and his band added to the pleasures of the evening and it was a fine send-off to the boys. Cheers were passed and the balance of the evening was spent with music and games.

The dinner served consisted of lobster salad with all the fixings. The hall was artistically decorated with American flags and at the close a reception was given the members in whose honor the dinner was served.

## ENTERTAINMENT HELD MY MOTHERS' CLUB

Affair Takes the Form of Japanese Fete, With Appropriate Decorations.

The Mothers' Club of the Universalist parish held its annual entertainment last evening in the vestry. A large number of persons were present and the affair was a success in every way.

The affair was called a Japanese Fete and the vestry was prettily decorated with Japanese lanterns and crepe paper streamers, the color scheme being principally in orange and white.

The three booths were artistically arranged and here were on sale assorted sandwiches, war cookies and ice cream cones.

A most pleasing program was given, much of this being of a patriotic nature, and every number was appreciated.

The following was the order: Tableau, "Spirit of 1918" Tableau, "Liberty Bell" Tableau, "Japanese Maidens" Tableau, "Over There" Tableau, "A Baby's Prayer at Twilight."

Indian Dance, Miss Ruth Jones. Tableau, "Keep the Home Fires Burning."

Song, "Star Spangled Banner" All The young people of the parish took

## TWO KITTERY YOUNGSTERS RUN AWAY

Parents of Missing Boys Start Search and Finally Locate Them at Kittery Point.

Two Kittery youngsters, George Fellows, of Olds avenue, and a playmate, Edgar Emery, Jr., of Jones avenue, aged 5 and 6 years respectively, caused their parents some worryment Friday afternoon when they were missed from their usual haunts. A search was instituted and many inquiries made but no one seemed to know anything about them, until late in the afternoon a telephone message was received by one of the children's parents saying that the runaways had been located at Kittery Point.

After the children were brought home much questioning brought out the fact that the two had decided to take a trip by themselves. They first walked over the Kittery bridge towards this city, and then turned around and walked back towards Kittery Point, where they were noticed by the party who telephoned to their parents. Needless to say, both of the youngsters will long remember their sojourn by the advice given them and punishment administered by their parents upon their return home.

part in the tableaux and Miss Janet Delano was soloist. The first represented the spirit of the times by Columbia, kneeling at the feet of an American soldier. Yankee Doodle was played during the presentation of this tableau. The second represented the Liberty Bell, and this was held by one who represented a man in the U. S. service. The tableau "Over There" included several characters, a soldier, sailor, Red Cross nurse and Boy Scout.

The committees in charge of the affair were: Entertainment, Mrs. Sherburne Donnell, Mrs. Russell Thompson, Mrs. Merrill Delano.

Refreshments, Mrs. Samuel Taxil, Mrs. Seales, Mrs. Fred Gray. Miss Eunice James presided at the piano.

The Mothers' Club of the Universalist parish has meetings monthly. The past season it has devoted most of the time to Red Cross work.

The club officers are: President, Mrs. Merrill Delano. Vice-president, Mrs. Sherburne Donnell. Secretary and treasurer, Mrs. Samuel Taxil. Honorary president, Mrs. George D. Whitler.

# ITALIANS CELEBRATE THIRD ANNIVERSARY

## Third Year of Entrance of Italy Into Worlds War an Occasion for Honor- ing Italian Flag

Honoring the third anniversary of the entrance of Italy into the great world war on the side of the right and justice, was made a feature of thousands of celebrations held in all parts of the country on Friday, and this city did its full share. By the executive order of the President the flag of Italy was flown on Friday from all government buildings along side that of the Stars and Stripes. In this city over the Custom house, at the Navy Yard and at the forts, while about the city and especially in the Italian quarters the two flags were displayed everywhere.

The principal ceremony took place on Friday evening under the auspices of the local Italians under the personal direction of Raphael Palla, and it was a very pleasing occasion.

The exercises were held on Deer St., where the bandstand was erected in the garden of Mr. Paola, facing the street and this was profusely decorated with flags of the entente nations. Suspended across the street was the wires for the Italian flag which was unfurled during the evening.

There was a great crowd present and after a selection of the National airs of the entente nations, beginning with the Star Spangled Banner, by the Naval Bandmaster Frank Zangari directing, Mr. Paola introduced Mayor Samuel T. Ladd, who spoke briefly of the meaning of the celebration and of how the war had cemented the long standing friendship of the United States and Italy.

He was followed by Mr. Oliver B. Marvin of New Castle who spoke of

the part that the Italians had in the first stage of the war, when the Emperor of Italy, when France was oppressed by the Germans, assured the French president that they could withdraw the French troops from the Italian border without fear of an attack from Italy. These troops thrown into battle of the Marne had their effect upon the results.

When the handsome Italian flag was unfurled the band played the Italian National Air "La Marcia Reale," the audience standing at attention with hats off.

Following the speaking the Naval band gave the following excellent concert and program:

National Air—"Star Spangled Banner"  
English Air—"God Save the King"  
French Air—"La Marseillaise"  
Italian Air—"La Marcia Reale"  
March—"Admiral Coetz"  
Overture—"The Royal House"  
Waltz—"Sunny Italy"  
Grand Fantasia from "Médame Butterfly"  
Duet for Cornet and Baritone—Puccini  
Selection from the Opera "Norma"  
Ballad—"Mélodie"  
Celebrated "Mélodie"  
"Scapolitan Fantasia"  
"Home Sweet Home (The World Over)"  
March—"Captain Hodge"  
By Special Request—Ballet, in 4 parts from "Antony and Cleopatra"  
Chorus from—"Nabucco Donosor"

Mr. Louis Montani, a foreman at the Shattuck shipyard, next gave an eloquent address in Italian. He related Italy's part in the war, and urged his countrymen to loyally support the U. S. Government. At the conclusion of his speech Mr. Montani was greatly applauded.

## COUNTRY IS NEARING RED CROSS QUOTA

Washington, May 24.—The Red Cross second war fund was increased today by \$22,000,000 on a total of \$86,689,900. Reports from all of the districts is that the recent influx by the Germans on the Red Cross hospital in France and the killing of 40 many wounded, has greatly stirred the people and the subscriptions are coming fast. The officials are now confident that there will be a big over subscription.

Boston, May 24.—New England has newly reached its minimum of \$1,000,000 for the Red Cross war fund. Late reports are that a total of \$9,457,185 have been received. Officials are disregarding the minimum and are out for at least a twenty-five percent over subscription for the district. New Hampshire's figures were \$328,000.

## REDUCTION IN SOFT COAL PRICES

Washington, May 25.—A reduction of 10 per cent in soft coal over the government fixed price, was announced by the fuel administration Friday night, to take effect at seven o'clock tomorrow morning. This has been made possible by the agreement of the railroad to pay the same rates and will make the advantage of the special rates they have had in the past for war service.

## K. C. DEFEAT ATLANTIC

The Knights of Columbus defeated the Atlantic Corporation team in the Senior league schedule on Friday evening by a score of 10 to 2.

It was the first appearance of the Atlantic team, who were hurriedly put together for this game without practice and no touch of the material, but a better working team will be secured in a short time.

Bathus started for the Knights but he was hit freely in the first inning when the Atlantic scored three runs but in the second inning Driscoll went into the box and the scoring for the Atlantic stopped.

Hester started for the Atlantic but he was wild filling the bases and forcing in the first run with pass and he was succeeded by Irving, who was also hit freely.

It was demonstrated that Manager Newell of the Atlantic team has some material in his team that will develop in time. He will make a few changes before the next game. The line up for the Atlantic was: Pilsgrin, cf; Mulholland, cf; Irving, cf; Hester, p; Kenniston, cf; Reardon, 2b; O'Donnell, 3b; Casey, 1b; Hinncock, ss.

The K. of C. line up: Estabrook, ss; Hughes, 2b; Bailey, 1b; MacDonnell, 1b; O'Brien, cf; Kennedy, cf; Milland, 3b; McCullough, cf; Delsoe, 1b; Bathe, p.

Lack of space prevents a more detailed story at this time.

## EXETER

Exeter, May 25.—The high water mark for the Red Cross subscription today showed \$1,000 which is within \$500 of the goal. No other towns have reported over the quota, although some have reached their marks.

In superior court Friday afternoon the case of Lydia B. Judd vs. appellant vs. Levi S. Bartlett guardian of Henry N. Lyford, which is an action to recover for services for board and care of Mr. Lyford who is an insane person, went on trial. All parties are from Kingston. She alleges that \$1,150 are due.

The foreman of the jury is Paul T. Clyde of Exeter and the panel consists of Allen G. Veaton, of Portsmouth, John W. Dunn of Portsmouth, George Mathes of Newmarket, Charles H. Mathes of Newmarket, Harry D. Child of Exeter, Nelson E. Smith of Londonderry, William P. Haley of Newmarket, John M. T. Currier of Newmarket, Herbert G. Woodbury of Salem and Charles E. Denness of Exeter. Counsel are Shute and Shute of Exeter for the plaintiff and Sleeper and Brown of Exeter for the defense. Jurymen not engaged on the case were excused until Monday at 10.30.

The next draft quota of 11 men will be sent from the second Rockingham county on June 1 to Fort Sheldahl. The names are given out by Chairman George W. Lamproy today are Raymond A. Evans of Atchafalca, Robert A. Veaton of Northwood, Paul S. Harvey of Nottingham, William P. Clark of West Hampton, Joseph Taylor, Paul Hodge, Lewis Rogers and Joseph Hodge of Exeter and Lylo Muckenzie of Northwood.

The two local boys will be Harry C. Green and Joseph Rasadowski. The 48 draftees who left for Camp Dev-

ens this morning arrived in Exeter Friday evening, although 10 are local boys. 40 were provided lodging at Squamscott house. They left at 8.57 this morning via Rockingham Junction.

Mrs. Ella D. Hooke of Ashland is the guest of Mrs. Charles H. Sargent of Hill street.

Mr. and Mrs. Frank F. Shute of Lakewood, N. J., are making a brief visit to his old home here.

The Memorial Sunday services will be at the Baptist church when Rev. G. W. Towling will preach. It is expected that the Sanitary corps of the State Guard and the Academy battalion will attend and an invitation is extended to Relief corps and the Sons of Veterans besides the G. A. R. veterans.

On Memorial day the oration will be in the evening by Stewart E. Rowe.

## Ladies! Keep It on The Dresser

Few drops on corn or callus stops pain, then they lift off.

Your high heels have put corns on your toes and calluses on your feet, but why care now? This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it "Eucalypti." Small bottle of freezone can be had at any drug store for a few cents. Never limp or twist your face in pain again, but get a bottle of freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without suffering one particle, without the slightest irritation of the surrounding skin. Just a touch of freezone on a sore corn gives instant relief.

# BIG DRAFT LEFT TODAY

## Fifty-Five Men Report for Service in National Army

This morning at 8.15 the largest body of men in the selective draft, that has gone away from this city at one time, entrained for Camp Devens and with every prospect of being on their way to France within a few months.

Fifty-five men is the quota called for, and with one exception they started this morning the exception being Peter Morrison, who has been granted permission to go to camp with the Houlton, Me. quota where he has been employed.

The men reported on Friday afternoon at three o'clock to the Local War Board and were inducted into the services of the United States by the Board. The men were instructed as to reporting at 7.30 this morning and those who could not go home last night were provided with accommodations at the Army and Navy Club. The men were also given instructions as to the allotments for their families and as to the war risk insurance by Mrs. C. A. Hull of the Red Cross Home Service committee.

Mr. Charles E. Brackett was appointed leader and Arthur D. Thompson of Dover, second in command and in charge of the men who remained over night. With four exceptions the men answered of the roll call, and three of these have already entered the service and one has not been heard from, his mail having been returned from a Maine lumbering camp. Alternates were however provided so that the full quota will leave.

The Board have previously been notified that Gussie Herbert of Newmarket, Harold Winn of this city and Leonard P. Philbrick of Rye have enlisted in the Navy and are in service.

The Board have received notification that two of the married men recently placed in class I have been placed upon the Emergency Fleet list. Lawrence Hamilton (his city at the Navy Yard and Christopher D. Moore of Hampton with the Amesbury Brass Foundry Company, doing war work.

The following is the list of the men who will leave this morning and it is hoped that a large crowd will be out to give them a big send off. The residence is their latest P. O. address, but all were registered in this district.

This morning the draftees were escorted to the railroad station by the U. S. Naval Band, Mayor Todd, members of the draft board, Chamber of Commerce and several citizens. They arrived at the station about 12 minutes before the train was due to depart and were greeted by 1500 people, who cheered them as they moved into the cars of the Concord train.

The band lined up in front of the baggage room and rendered several patriotic selections while the friends

of the draftees crowded the cars to say good-bye to the new men of the National Army from this district.

Cigars and cigarettes were passed by citizens. Every member of the quota appeared to be in good spirits and certainly got the parting reception they deserved.

They were assigned to a special car and met the other draftees from district 2 at Stockingham. Also 78 men picked for the service by the Strafford County board of Dover.

The naval band under the direction of Bandmaster Frank Zangari played with the vim that added greatly to the demonstration. It is without question one of the best bands that Portsmouth has heard for a number of years. Portsmouth has sent away a number of men heretofore but a better, brighter or abler looking bunch has never departed for Camp Devens. When Major E. W. Hartford made request upon Admiral Douche that he furnish the naval band for the departure he remarked that he was very glad as the escorting of these boys to the train amounted to him. There were at least 3000 people at the station to say good-bye. There were few dry eyes among those who were there to see their son, brother or some new relative depart for a journey that will take them over there. Three cheers were given the boys as the train departed.

## POLICE COURT

Everybody got a free ticket in the municipal court today when three offenders of the law faced Judge Guphill in the morning session.

Oliver Hefner from Somewhere in Hooksett dropped off the night pullman trailing going east. He had a hundred per cent jag which he brought with him from somewhere in the Bay State. Oliver had no reserve in him, neither had he any knowledge that Portsmouth was not on the wet zone maps. He tucked away a few bytes but could not develop any speed on this aftermath of the Lewis bill. Officer Doherty sent Oliver down in the city hall jitney for a rest. The court sent him home today. He will make no more stops in dry zones when en route to the Boston & Maine.

Frank Churchill, charged with operating an automobile without a license was discharged and the case placed on file.

Henry Hopkins of Kittery, arrested for operating a motorcycle without a license, satisfied the court that he was in possession of the necessary papers but had forgotten them in his trip across the river. The court discharged him.

## TAKING FINGER PRINTS OF COAST GUARD

Winfred I. Caswell of the coast guard office of this district, left Friday evening to complete the work of taking the finger prints of the surfmen at the coast guard stations of this district on the Maine coast, he having done a part of the work about two weeks ago at other stations.

He will first go to station No. 1 at Lubec and then to No. 2 at Boothbay Harbor, No. 4 at Jonesport, No. 5 at Isleford, Me., No. 6 at Spruce Head and last to No. 7 at Port Clyde, the trip to consume a week or more. This work is done by order of the government as the surfmen at coast guard stations are all enlisted in the service.

# NEW BRIDGE IS DESTROYED BY FIRE AT HAMPTON

125 Ft. Gone With Building  
Equipment of Contractors;  
Was Nearly Ready for  
Opening.

At 2.30 this morning fire was discovered on the new section of the Hampton River Bridge by the night watchman. The flames gained such headway that he was unable to do anything to extinguish it.

Four spans of the structure covering about one hundred and twenty-five feet were destroyed along with the equipment of Cashman Brothers of Newburyport, who were handling the contract. The fire is reported to have started from a heater on one of the pile drivers. This fire is a hard blow to the contractor, the railroad, the public and Hampton Beach.

The Cashman Brothers had reckoned in connecting up the new section with the old in about three weeks and the railroad was much pleased that the bulk of summer electric car traffic would be resumed when the season really opened. The bridge completed was insured.

It is understood that Cashman Brothers will continue the work but it is unlikely that the bridge can be rebuilt in time for any traffic this season. In the meantime the Exeter, Hampton and Amesbury and the Portsmouth Electric Street Railways will have to prepare to meet the heavy traffic to the famous New Hampshire seacoast resort.

## Special for Sunday

In addition to service over the P. D. and Y. Division, a car will run between Rosemary Junction and York Beach connecting with cars leaving Portsmouth as follows: 1.55 a. m., 9.55 a. m., 11.55 a. m., 1.55 p. m., and 3.55 p. m. Returning leave York Beach 5.30 a. m. and 11.30 a. m., 1.30 p. m. and 5.30 p. m. We expect to resume our regular service as soon as the work on Rice's Bridge is completed, probably about the middle of next week.

### THE NAME WAS WRONG.
